### REMINDER OF CHANGES MADE IN 2020

In 2020, the IRS introduced form 1099-NEC for Nonemployee Compensation payments. These payments were previously reported in box 07 of form 1099-MISC. To accommodate this change new 1099 types have been created in STAR. Previously the 1099 types in STAR were "1099" and "1099G". There are now three 1099 types in STAR "1099M", "1099N", and "1099G".

### BACKGROUND

The State Controller's Office coordinates the printing of forms 1099-MISC, 1099-NEC, and 1099-G and the initial electronic reporting to the Internal Revenue Service. However, state agencies are responsible for the data used to create the forms and the electronic files.

A Form 1099-MISC must be filed for the following types of payments:

- Box 01 - Rents
- Box 02 - Royalties
- Box 03 - Prizes and awards,
- Box 03 - Other income payments
- Box 03 - The cash paid from a notional principal contract to an individual, partnership, or estate
- Box 05 - Any fishing boat proceeds
- Box 06 - Medical and health care payments
- Box 09 - Crop insurance proceeds
- Box 10 - Payments to an attorney (for settlements)
- Box 12 - Section 409A deferrals
- Box 14 - Nonqualified deferred compensation

A Form 1099-NEC must be filed for the following types of payments:

- Box 01 - Services performed by someone who is not your employee (including parts and materials),
- Box 01 - Cash payments for fish (or other aquatic life) you purchase from anyone engaged in the trade or business of catching fish
- Box 01 - Payments to an attorney (for legal services)

A Form 1099-G must be filed for the following types of payments:

- Box 01 - Unemployment compensation
- Box 02 - State or local income tax refunds, credits, or offsets

- Box 04 - Federal income tax withheld
- Box 05 - RTAA payments
- Box 06 - Taxable grants
- Box 07 - Agriculture payments

In general, payments to corporations are excluded from the 1099 reporting. However, the following payments made to corporations must be reported on form 1099-MISC or 1099-NEC:

- Medical and health care payments (1099-MISC Box 06)
- Attorney’s fees (1099-NEC Box 01)
- Gross proceeds paid to an attorney (1099-MISC Box 10)

### POLICIES

**Calendar Year 2022 1099-MISC, 1099-NEC, and 1099-G reporting:** Executive branch agencies will make payments under a single Enterprise EIN, with the exception of those payment applications that have been identified with the SCO as needing their own EIN. 1099-reportable Specialized Disbursement payments must be added as adjustments in STAR, unless other arrangements have been made directly with the SCO. The 1099 forms will be printed with a payer name of “State of Wisconsin Consolidated Agency Reporting” and will include the State Controller’s Office address and telephone number.

### PROCEDURES

The 1099 reportability of a payment made in STAR is based on two elements:

1. Whether the “Withholding” box is selected on the Identifying Information page in the Supplier table:

Suppliers Search >> Advanced Search Last Search Results

2. And, whether the “Withholding Applicable” box is selected on the Withholding Information page of voucher entry:

In addition, the box where the payment will be reported on the 1099 form, known as the “Withholding Class” in STAR, is determine based on the Class on the Withholding Details section.

If a Supplier has the Withholding check box selected, ALL payments recorded to that Supplier will be considered reportable, UNLESS the “Withholding Applicable” check box is unselected on the voucher. If the Supplier does not have the Withholding check box selected – no payments will be considered 1099 reportable for that Supplier.

### 1099 ADJUSTMENTS FOR CY 2022

#### Adjustments to be made by the SCO

This delivered 1099 functionality creates the need for the following adjustments, **which will be performed centrally, by the SCO:**

- For reportable STAR Suppliers – Those with the “Withholding” check box selected, the SCO will review all payments to that Supplier, and will make a 1099 Adjustment for the total of those payments that are not coded to reportable accounts. These adjustments are captured in Category 2 of the 1099 Reporting Matrix (page 5).
- For non-reportable STAR Suppliers– Those with the “Withholding” check box unselected, the SCO will review payments made to the 1099 exception accounts (medical services and legal expenses), and make a 1099 Adjustment for the total of those exception payments. These adjustments are captured in Category 5 of the 1099 Reporting Matrix (page 5).
- Box Number (“Class” in STAR) – The SCO will review the WI\_AP\_1099\_CTRL\_DTL\_COMP\_2020 query for all agencies, and will adjust for any “box errors” – those payments that are not reflecting the correct box/class in STAR. These adjustments are captured in Category 1 of the 1099 Reporting Matrix (page 5).

### Adjustments to be made by the Agencies (submitted to the SCO via a worksheet)

- Incorrect account codes used on vouchers - Agencies should review the WI\_AP\_1099\_CTRL\_DTL\_COMP\_2020 query and pay special attention to the column labelled “**1099 Class (From acct value)**”, this is where the payment will be reported on the 1099. If an incorrect account was used on a voucher the agency will need to track that correction on an Agency 1099 Adjustment Worksheet to be provided by the SCO. These adjustments are captured in Categories 1 and 2 of the 1099 Reporting Matrix (page 5).
- Other adjustments (i.e. refunds of expenditures, and other GL journal adjustments) – GL journal and other non-AP transactions in STAR do not include the Supplier ID. So, any adjustments to 1099 reportable Suppliers that are made via GL journal/AR or other STAR modules must be tracked by the agency on the Agency 1099 Adjustment Worksheet, and then the worksheet must be submitted to the SCO. The SCO will then make the related adjustment to the 1099 reporting area in STAR – and the adjustment will show on the WI\_AP\_1099\_CTRL\_DTL\_COMP\_2020 query.
- Review of SINGLEPAY vouchers - Although SINGLEPAY supplier should not be used for any payments that is 1099 reportable, a review of SINGLEPAY vouchers should be conducted using the WI\_AP\_SINGLE\_PAY\_VCHRS query to look for payments made to suppliers that already exist within the supplier table and 1099 reportable account codes. Any adjustments that need to be made to these SINGLEPAY vouchers should be tracked and reported to the SCO on the Agency 1099 Adjustment Worksheet.
